The Chair laid before the Senate a joint resolution of the Legislature of Connecticut, urging Congress to pass without unnecessary delay a bill to pro-vide for the presidential count.

The Chair also laid before the Senate

Horrible Casualty.

London, December 13 .- At Plymouth, to-day, a tenement house on Love Street, in a low, squallid neighborhood, took fire and a terrible clamity resulted. The flames burned rapidly and fiercely, and when at last subdued, twelve human bodies were found among the ruins. Two others are missing, and in all probability, they too have been burned to death. One unfortunate victim was smashed to pieces by jumping from a high window to the street. rectan was smashed to pieces by jumping from a high window to the street. Several occuparts of the burning building, in their fright, ignored fire escapes, and throwing bedding to the pavement, forty feet below, jumped from windows. A number of these had legs and arms broken by the fearful leap. A harrowing incident of the calamity was the appearance of a youth named Beckford, who with his little sister in one arm, hung suspended from a window by the other for some minutes, until the flames surrounded him, and caused him to lose his hold and fall to the ground. He had both legs fractured. The child was also severely injured. The intensity of the flames gave the building the appearance of a furnace, but this did not deter the firemen, many of whom entered the house and by heroic struggles, succeeded in rescuing several persons. in rescuing several persons.

disease; I have employed all of the usual methods, not only in my own case, but in the treatment of other members of my family, but temporary reilf was all that I obtained. I was unfit for any manual labor for seven years. By chance I came in possession of a pamphlet on "Blood and Skin Disease." from the office of Swift's Specific, claiming that he himself had been greatly benefitted by its use in some lung troubles. I resolved to try it. About four years ago I commenced to take S. S. S. according to direction. I found it an invigorating tonic, and have used about fity bottles. The results are most remarkable. My cough has left me, my strength has returned, and I weigh sixty pounds more than I ever didin my life. It has been ince years since I topped the use of the medicine, but I have had no return of the disease, and there are no pains and weakness feit in my lungs. I do the hardest aind of mechanical work, and feel as well as ever felt since I was a boy. These, I know, are wondered statements to make, but I am honest when I say that I owe my existence and health to-day to Swift's Specific. It is the only medicine that brought me any permenent relief. I do not say that Swift's Specific. It is the only medicine that brought me any permenent relief.
